

## **Information about the article. 13 of Legislative Decree N. 196/2003 ( privacy code)**

This Statement of Cookies and Other Technologies (this "Policy") describes the different types of cookies and other technologies that can be used in third-party websites and apps owned and controlled by IBH RIPA SRL from which you are accessing this statement (the " Site "). statement also describes how you can manage cookies and other technologies.

We can change this statement at any time. In the "last updated" date at the top of this page shows the date of the last revision of this Policy. Any changes to this Policy will be effective when we will post the revised Statement on the Site or through it.

IBH RIPA SRL , Via luigi Gianniti,21 Rome, as owner of the treatment informs, pursuant to article 13 of the Privacy Code and in compliance with the requirements of the Ruling 229/2014 of the Authority for the Protection of Personal Data, that this site uses the types of cookies described below.

### **What are cookies**

A cookie is a small text file containing a certain amount of information exchanged between a website and your terminal (usually the browser) and is normally used by the operator of the website to store information necessary to improve the navigation within the site or to send advertising messages in line with the preferences expressed by the user in the field of web browsing. When you visit again the same site or any other site on the user's device checks for a cookie recognized, so you can read the information contained therein. The different cookie contains different information and are used for different purposes (efficient navigation in the pages of the same site, profiling in order to send promotional messages targeted analysis on the number of visits to the site).

During navigation, the user can get on to their terminals also cookies sent by web sites to different servers (so-called third party), which may reside on some elements (for example images, maps, sounds, specific links to other pages domains) on the website that the user is visiting.

More generally, some cookies (called session cookies) are assigned to the user's device for the duration of access to the site and automatically expire at the end of the browser. Other cookies (defined persistent) remain in the device for a prolonged period of time.

The specific purposes of the different types of cookies installed on this site are described below.

### **Characteristics and purposes of cookies installed by the site**

#### **Technical cookies:**

It is used specifically for cookies allow proper operation and use of our sites. Cookies are used for example for the technical functionality of the user's login. They are provided mainly by the servers of the 24 hours Sun or, in the case of the integration of external services such as social networks, by third parties.

### **Cookie profiling:**

These are cookies used in order to send advertising messages in line with the preferences expressed by the user in the field of web browsing. They can be delivered by our servers or through our website by third parties.

Companies that offer or advertise their products through this site may assign cookies to the user terminals. The categories of cookies used and the type of processing of personal data by these companies are regulated according to the information made by these companies.

### **Analytical cookies:**

It is cookie used for statistical analysis, to improve the site and simplify their use as well as for monitoring correct operation. This type of cookie collects anonymous information about user activity on the site. This type of cookie is delivered exclusively by third parties.
